

Assembly Instructions for Churchill and Winscombe Runs

Congratulations on your purchase of a Clifton® Coop Run by Brinsea® Products inc. Please read these instructions carefully before starting to assemble. Use the packing list to check that all parts are present, if anything does appear to be missing or damaged please contact us at the address at the end of this document.

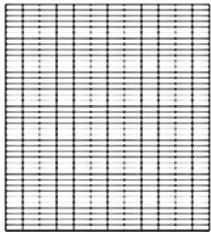

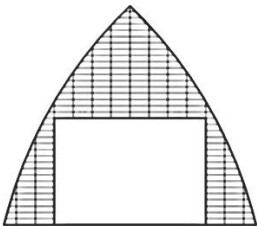

Don't forget to visit www.brinsea.com and follow the link on the home page to qualify for your 3 year guarantee. It's free and you can also register as a free member of the Brinsea® Email Group to receive the latest news and information such as advance notice about new products, special offers, exclusive competitions and much more.

Safety First!

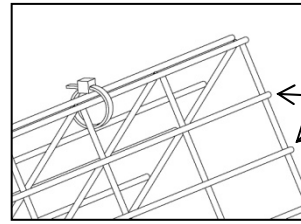

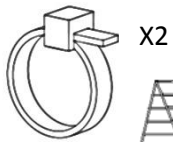

Take care with the metal linchpins, they are spring loaded to make them really secure. *This means they can snap shut on unwary fingers!!* They only need to be opened a little to fit them.

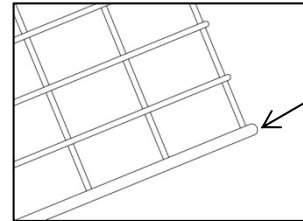

The only tool you will need is a pair of wire cutters or scissors to cut the excess off of the ties. Once fitted they require no maintenance.

Item	Quantity – Winscombe	Quantity - Churchill
	4	6
	1	1
	1	1
	28	45
	2	2

1

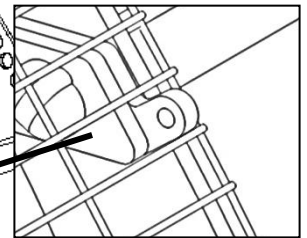

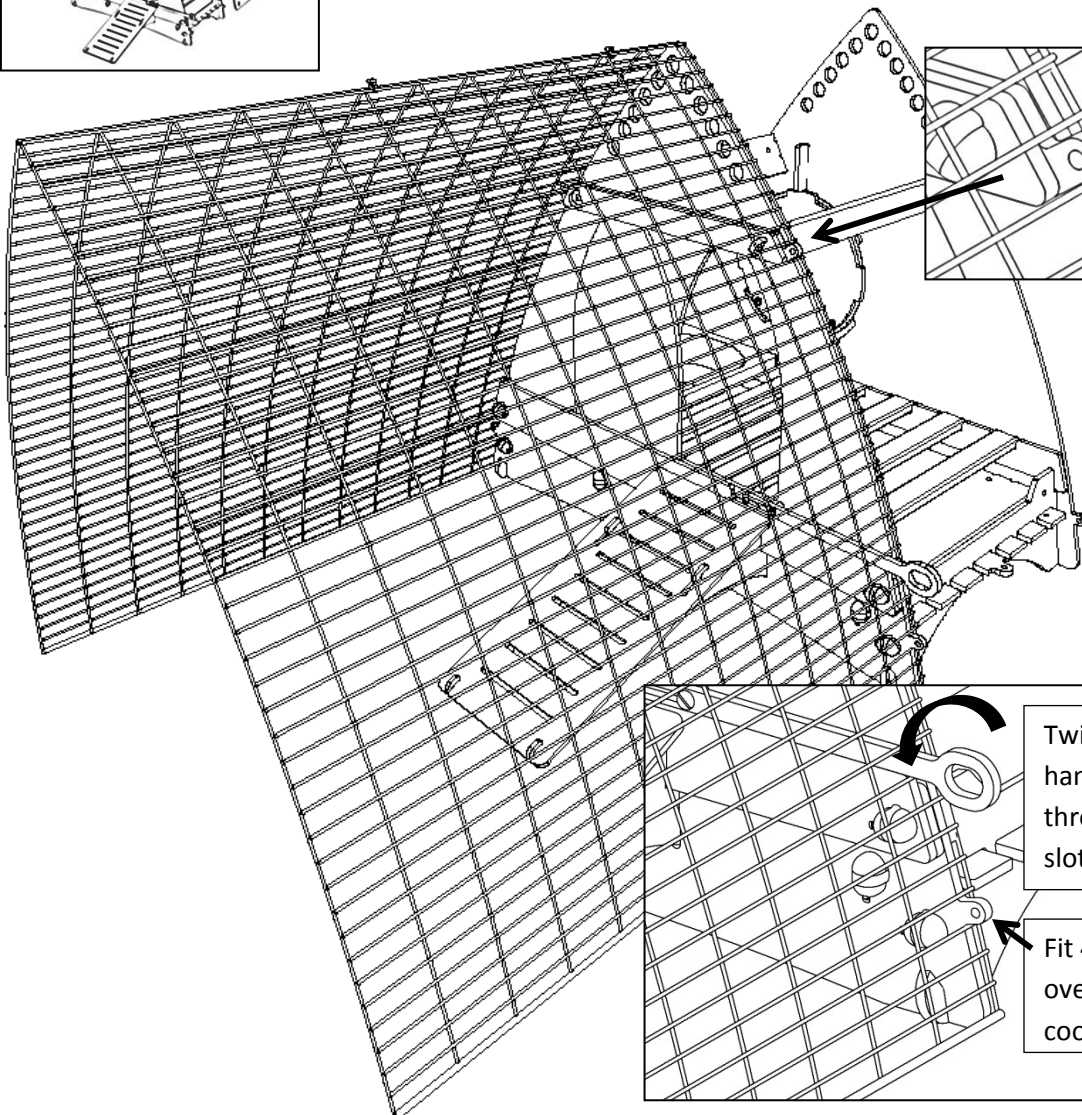

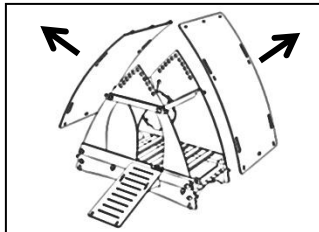

NOTE:
